Abstract of a Report by the Chairman of the District Road Cess Committee, Bankoora, on the Committee's operations for the cess year 1880-81.

THE road cess was levied at the maximum rate in the district. It was on the whole realized without much difficulty. The Chairman presided at every meeting of the District Committee, excepting an ordinary one at which the Vice-Chairman took the Chair. The Executive Engineer could not attend any of the meetings or assist the Committee with his professional advice. The attendance of the non-official members was not quite satisfactory, as out of 17 of them, nine did not attend any meetings during the year. This remark is also applicable to the attendance of the non-official members of the Branch Committee.

Four village roads were started in the sudder and 14 in the Bishenpore sub-divisions, and almost all of them were completed during the year. Donations and subscriptions were made by some zemindars for the improvement of several village roads in the district.

Three thousand five hundred and ninety-five trees were planted and maintained during the year. The work was carried out as before by contract on all the roads.

The several establishments under the Road Committee have worked satisfactorily.

Abstract of a Report by the Chairman of the District Road Cess Committee, Beerbhoom, on the Committee's operations for the cess year 1880-81.

THE collections of the district were very satisfactory. There were 10 meetings of the District Road Committee during the year, at all but one of which a quorum was obtained. The members of the Committee have taken some interest in their work; the number who did not attend any meeting was four.

All the roads in the district have been repaired or kept in good and passable order. The allotments for fourth class or village roads were made and spent through the headmen of villages in their respective neighbourhoods in the district.

A proposal was made by the Committee to have the space of the railway bridge over the More river, close to Cynthea, made available for wheeled traffic, and it was approved by Government. The East Indian Railway Company will carry out such portion of the road as falls within their boundary, and the Road Cess Committee will construct the approaches to the bridge.

An increased attention has been paid to the matter of arboriculture. About 1,200 trees were planted in different roads of the district in addition to those planted out last year.

The establishments under the Road Committee have, on the whole, done their work well. The percentage of fixed charges for establishments, including the charge for a Divisional Superintendent of Works and his office, is little less than 19 per cent.

BEERBHOOM ROAD CESS OFFICE,

The 22nd January 1882.

J. ARMSTRONG,

Chairman.

Abstract of a report by the Chairman of the District Road Cess Committee, Midnapore, on the Committee's operations for the cess-year 1880-81.

THE Road Cess Act has worked smoothly during the year. The only difficulty experienced was in the speedy collection of cess from proprietors. It is a notorious fact that in this district voluntary payments are rare, and that payments even under the Certificate Procedure Act are seldom made, till all the procedure prescribed by law is gone through.

Nine Meetings of the Road Cess Committee were held against six in the previous year, and the percentage of average attendance of members was only 36·8, while that of the year before was 56·5. No meetings were held during the year of the Branch Committees at Contai and Tumlook, the Government orders constituting these Branch Committees having been received too late in the season.

A sum of Rs. 21,041 has been spent during the year in constructing and repairing the village roads of the district. The work on these roads has chiefly been carried out through the agency of village *punchaits* under the supervision of the sub-divisional officers and the Chairman.

Tree-planting has been systematically commenced on all the important roads, and an annual allotment will be continued until the roads are planted with a continuous avenue.

The establishments under the Road Committee have, on the whole, carried on their work satisfactorily.

B. B. DUTT.
Vice-Chairman.

Abstract of a report by the Chairman of the District Road Cess Committee, Hooghly with Howrah, on the Committee's operations for the cess year 1880-81.

THE road cess system has, on the whole, worked well in the district. This district is one of the few in Bengal in which local self-government can with advantage be extended. The resources of the Road Cess Committee are quite inadequate to meet the requirements of the district.

There has been a great improvement in the working of the Branch Committees, the members of which, took a real interest in their work.

The work in connection with village roads was satisfactory during the year. In almost in all cases these works were undertaken by village headmen, zemindars, chowkidari punchayets, &c.; and in most cases the villagers themselves supplemented the road cess contributions with local subscriptions.

The experiment of planting fruit-trees has to some extent been successful in the year.

During the year an important change was introduced in the administration of the Road Cess Fund of the district, viz. the road cess levied in the Howrah sub-division will in future be spent to meet the requirements of that sub-division.

The several establishments under the Road Cess Committee have worked satisfactorily.

SHYAMADHABA ROY,
for Chairman.

No. 379T, dated Camp Midnapore, the 8th February 1882.

From—J. BEAMES, Esq., Officiating Commissioner of the Burdwan Division,
To—The Secretary to the Government of Bengal, Public Works Department.

I HAVE the honour to forward in original, for publication in the *Calcutta Gazette*, the annual reports and accounts of receipts and expenditure of the District Road Funds for the cess year 1880-81, submitted by the Chairmen of the Road Cess Committees in the districts of Burdwan, Hooghly, and Bankoora, as noted in the margin.

Chairman, Bankoora District Road Cess Committee's No. 11 of 12th November 1881, with enclosures.

Chairman, Burdwan District Road Cess Committee's No. 55 of 17th December 1881, with enclosures.

Chairman, Hooghly District Road Cess Committee's No. 6 of 30th November 1881, with enclosures.

2. Though early reminders were issued to the Chairmen of the Road Committees of Beerbhoom and Midnapore, their reports and accounts have not yet been received.* I have again drawn their immediate attention to the subject, and their reports and accounts will be submitted as soon as they are received.

3. An important change was introduced by Government in the administration of the Road Cess Fund in the Hooghly district. The Chairman and members of the Branch Road Cess Committee of Howrah were of opinion that the road cess raised in the sub-division should be locally spent. The matter was submitted to the Government of Bengal, and by its orders the money raised in the sub-division will in future be spent on local works. It is now hoped that such parts of the Howrah sub-division as had hitherto been to some extent neglected will be more efficiently looked after in future.

4. It is to be regretted that the attendance of the non-official members of the District and Branch Committees in Bankoora was on the whole not quite satisfactory. The same remark applies to Burdwan, but as regards Hooghly, the Chairman reports that there has been a great improvement this year in the working of the Branch Committees. From the reports received from the Chairmen of the several Branch Committees it seems that the members took a real interest in their work.

5. It is satisfactory to find that arboriculture has been going on in all the districts noted above.

6. The conduct of the officers in the employ of the various Committees has on the whole been satisfactory.

* Since submitted.
